## About Us.

BK Arogya & Research Private Limited is an Indian Ayurvedic company engaged in developing, producing, and marketing Ayurvedic products and services. The company was founded in 1979 by Dr. N L Chaurasia, an experienced Ayurvedic physician. Presently, its reins are in the hands of Dr. BK Chaurasia, a world-famous Ayurvedic physician.

BK Arogya & Research uses ancient Ayurvedic texts, modern research, and traditional experience to develop its products. The company has a research and development laboratory where the properties of Ayurvedic herbs and other ingredients are studied. An organization that has treated more than 5 lakh patients, every product reaches the market after extensive research.

BK Arogya & Research has a wide range of products manufactured in its manufacturing facility, including medicines, supplements, beauty products, healthy foods, and personal care products. The company's products are used for the treatment and prevention of various health conditions and healthy living

BK Arogya & Research's products are available in many countries in India and abroad. The company is committed to the quality and effectiveness of its products.

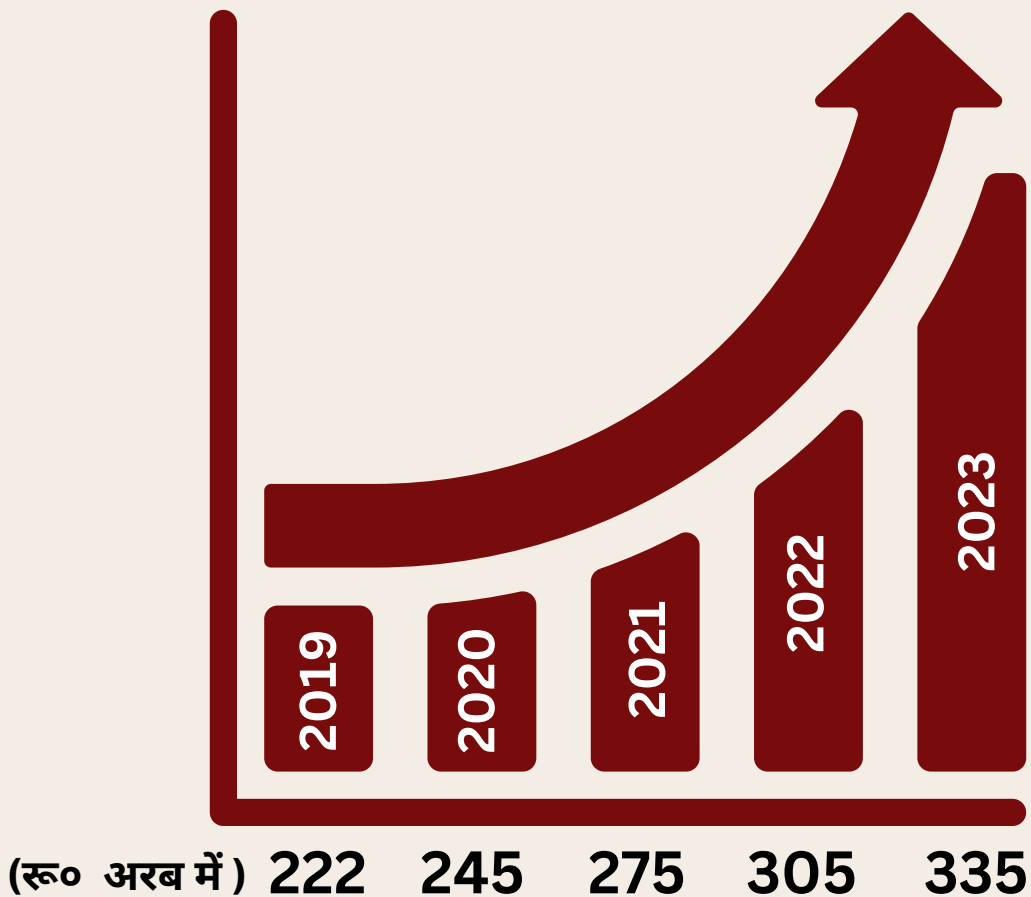

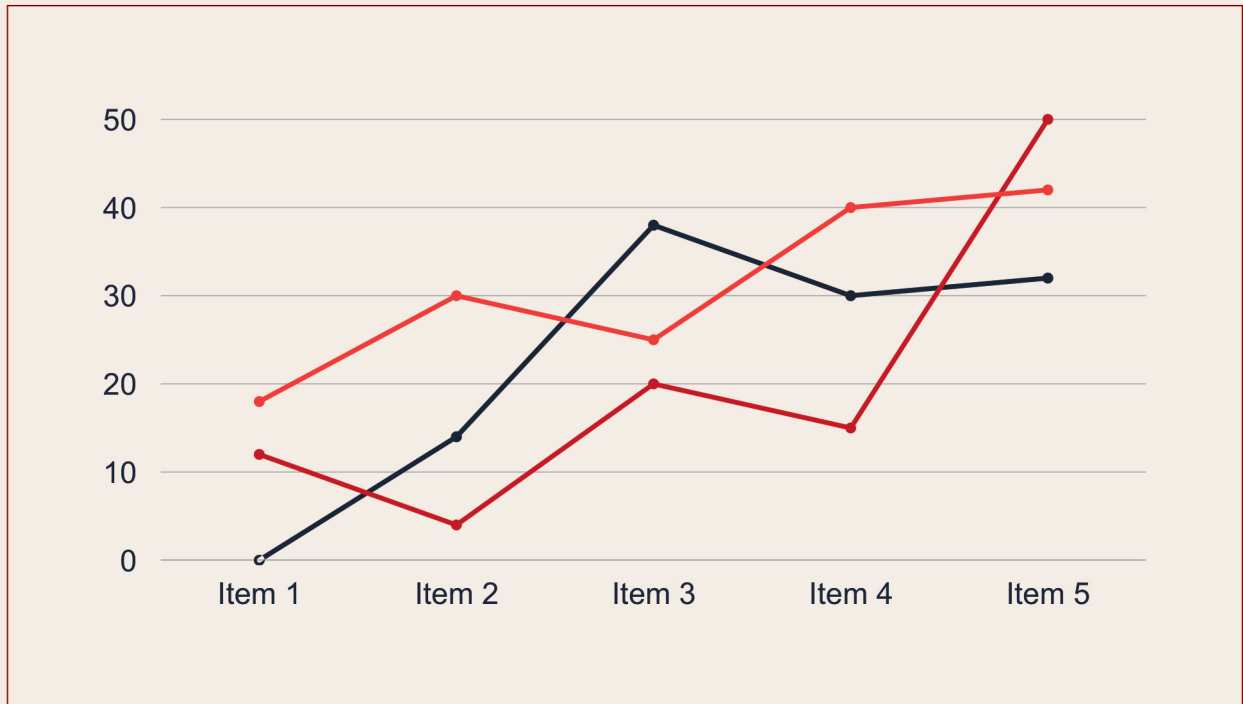

## Mission

"To spread Ayurveda to every person and establish it as a new alternative medicine in the country, through which every person in the country and the world can be provided health and health. It is our goal to discover and connect with specific medicines and products so that patients can cure diseases and keep healthy people healthy, continuously. "

## Vision

"In every corner of the country and the world, to build a specific medical system in collaboration with Ayurveda lover and supporting people and doctors so that Ayurveda can reach the lives of every people. Our special centers, doctors, medicines should be available to every city or town of the world. Can make people's lives healthy and simple directly or indirectly or through digital means. "
